PRIORITY 1

Proactive help for elder teams

Help with elder dynamics is our most common request. **Healthy elder teams make healthy churches**, so we want to reach them early, like a fitness coach, not a 911 call.

- Elder team health: trust, teamwork & hard conversations
- Elder training grounded in best practices
- Prayerful elder selection
- Clear elder–minister roles and transition plans
- Refreshing vision, mission & values

PRIORITY 2

Mentoring & coaching for ministers

We pair leaders with seasoned ministers and trained coaches who listen, ask good questions, and help them grow.

- One-on-one and small-group mentoring
- Coaching with CliftonStrengths, Birkman & DiSC
- A six-month cohort for ministers in their first decade
- Guidance for leaders in transition
- A safe, confidential place for weary leaders

Why your gift matters: service fees cover only about half the cost of serving most churches and leaders. Donors fund the rest, which keeps help within reach of small, rural, and hurting congregations.
