Foundation Repair

Overcoming Collapse Caused by Erosion

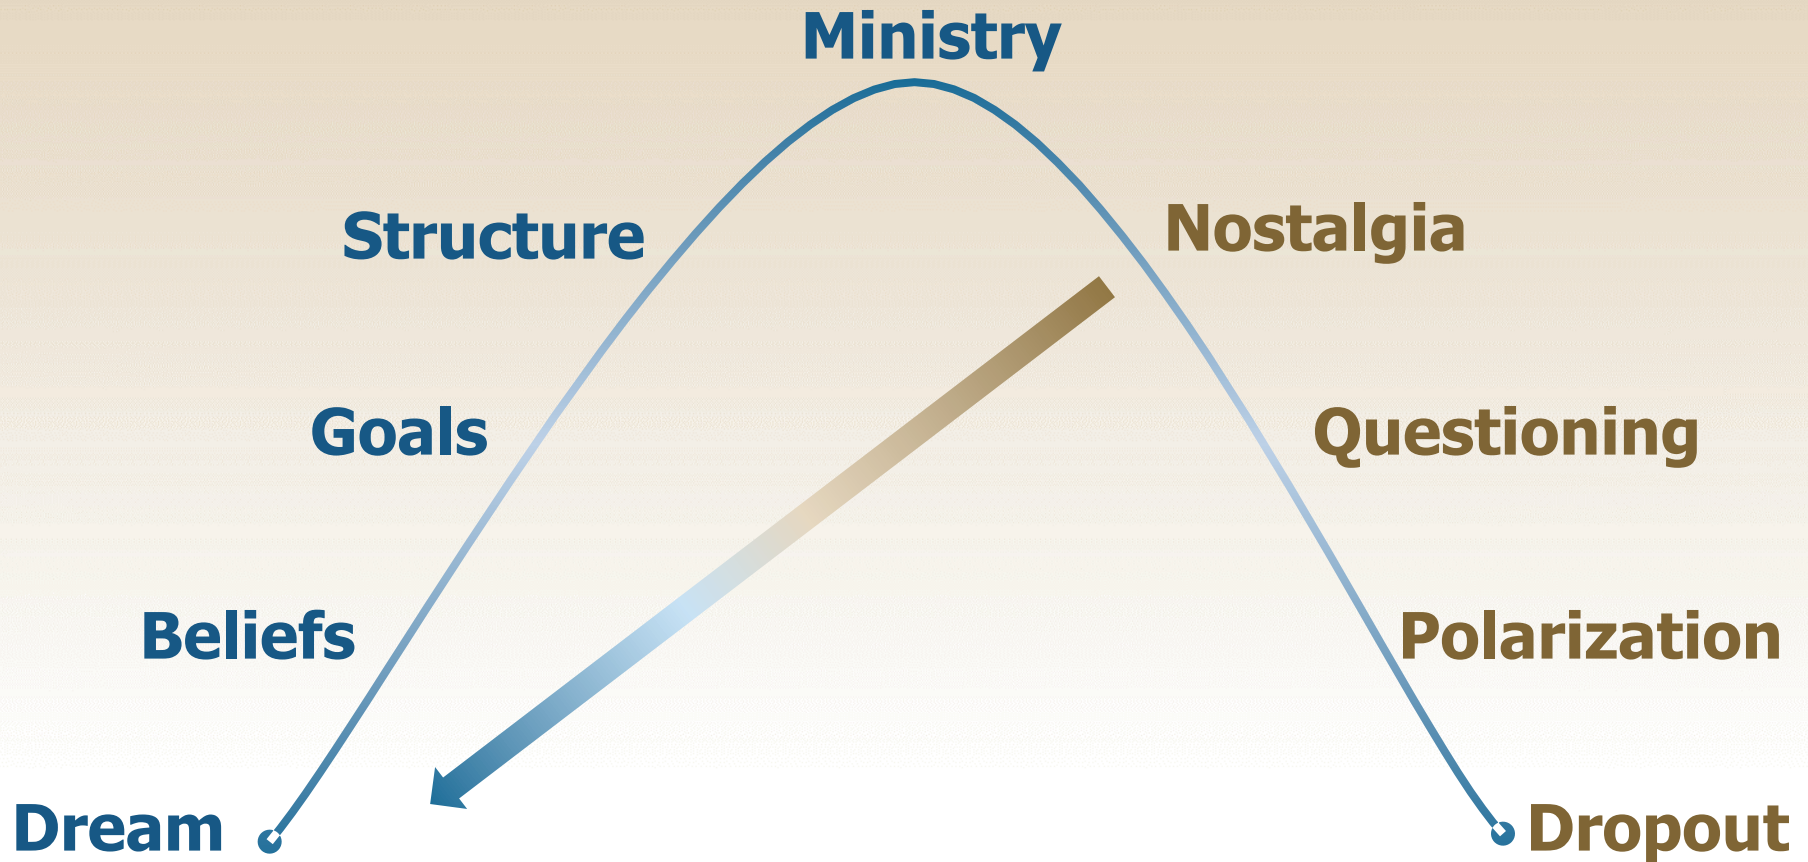

Jay Jarboe & Dan Bouchelle

Missions Resource Network

To Dream Again

by Robert Dale

Why Most Vision Efforts Fail

1. Language and process feel foreign (business world)
2. Not designed for spiritual discernment
3. Produces a compromise document, not new vision
4. It deals with current practices instead of core purpose
5. It is about insider goals instead of church's call for outsiders
